Our Story

The Arena

Fora is the first social platform built exclusively for structured debate — where ideas clash, arguments are tested, and the best reasoning wins.

The Sport Metaphor

Like athletic competition, debate has rules, rankings, formats, and champions. Fora brings that competitive spirit to discourse.

The Podium as Identity

Our mark — the podium — is the symbol of taking a stand. It is the threshold between thought and argument, between opinion and position.

The Mark

WHERE THE “F” BECOMES THE PODIUM

Fora

01

The Serif “F”

A classical editorial serif that signals authority, credibility, and intellectual weight — the voice of the debater.

02

The Podium Icon

A debater's silhouette at the lectern. The vertical form of the podium mirrors and echoes the structure of the letter F.

03

Purple Square

The stage. A bounded arena — contained, competitive, and charged. Purple signals prestige and conviction.

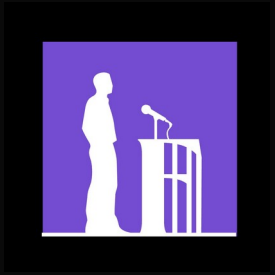
Logo Variations

APPROVED CONFIGURATIONS

Full Horizontal Lockup

Primary configuration — use on dark backgrounds

Preferred for headers, presentations, marketing materials



Square Icon Mark

Compact use — app icon, social avatars, favicon

Use at small sizes; always maintain the purple square background

All configurations use white on black or white on purple only. No light-background versions are approved.
